MUHAMMAD SHARJEEL

FULL-STACK WEB DEVELOPER

PK 0319-0371435 (WhatsApp/Call) | m.sharjeelasif1435@gmail.com

CAREER SUMMARY

A highly motivated and results-oriented web and software developer specializing in **full-stack web development**. Proven ability to build responsive, modern, and user-friendly web applications using **Next.js, React, TypeScript, HTML, CSS, and Tailwind CSS**. Skilled in **API integration, server-side rendering, and AI-powered feature implementation**, with hands-on experience in **dynamic data handling, authentication, and database integration**. Proficient in version control with Git. Committed to delivering high-quality, scalable, and performance-optimized solutions with a focus on excellent user experience and client satisfaction.

EDUCATION AND CERTIFICATION

Bachelors of Software Engineering | University of Karachi (U.B.I.T) — Present

Intermediate | Govt. Degree Science College Malir Cantt — 2024

Matriculation | The Educators — 2022

WORK EXPERIENCE

Web Developer | Grovance Digital | Remote (Project-Based) — Nov 2025 – Present

- Develop and maintain responsive, user-focused web applications using **Next.js, React, and TypeScript**.
- Implement API integrations to connect frontend and backend services, ensuring smooth data flow and functionality.
- Collaborate with clients and team members to deliver high-quality, scalable solutions.
- Participate in code reviews and follow best practices to maintain clean, reusable code.
- Enhance applications with AI-driven features and automation where applicable.

Frontend & Full-Stack Developer | Vectonix | Remote (Project-Based) — Dec 2025 – Present

- Work on dynamic web applications, focusing on frontend development with React and Next.js.
- Integrate APIs and manage backend interactions for seamless functionality.
- Ensure responsiveness and optimal user experience across devices.
- Collaborate remotely with team members to deliver projects efficiently.

Freelancing Web Development | Self-Employed — Feb 2025 – Present

- Build **e-commerce websites** and dynamic web applications.
- Implement **frontend and backend solutions**, including API integration and database handling.
- Optimize web applications for performance, scalability, and user experience.
- Deliver client projects on time with clear communication and maintenance support.

Mathematics & Computer Teacher | Zahid Kids Secondary School — Jan 2025 – Present

- Teach mathematics and computer science.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Responsive Design, UI/UX Implementation
Backend	API Integration, Server-Side Rendering, Authentication, Database Integration, Deployment
AI & Automation	AI Integration, Chatbots & Assistants, Workflow Automation, Prompt Engineering
Database	PostgreSQL

PROJECT & INITIATIVES

A.I Spec-Driven Project	• Docusaurus Book with Chatbot • Evolution of Todo App
E-Commerce Websites	• Restaurant, • Furniture Website (Made with Next JS)
Business-Oriented Websites	• Websites for **Grovance Digital**, **Techwevs**..
Agentic A.I	• JARVIS (Made OpenAI Agent SDK)
Miscellaneous Projects	• Many projects made with Python, Java, C++, Typescript.

CERTIFICATIONS

Web 3.0 And A.I	• Governor Initiative for Artificial Intelligence (2023 – Present)
Web Development	• Bano Qabil (2023)
Certificate Information Technology	• Global Computer Institute (2023)
